

PRE-AUTHORIZATION FOR GRAFFITI REMOVAL

As we all know, graffiti vandals seek attention and peer validation from their crimes. As a result, experts agree the most effective solution in dealing with the graffiti once it has occurred is removal in the quickest manner possible. However, before graffiti can be removed from private property, the City must obtain authorization from the party responsible for the property. In the past, valuable time has been lost in trying to obtain authorization after graffiti has been identified on private property. You can do your part to help the City's graffiti abatement efforts by simply providing pre-authorization for graffiti removal at your residence or business. Pre-authorization forms will be kept on file, so that in the event graffiti is reported on your property, the City can have the graffiti removed within 24-48 hours, at no cost to you. Please take a moment to complete and sign the form below. Completed forms may be mailed to the City of Porterville, PO Box 7500, Porterville, CA 93258 or delivered to City Hall at 291 N. Main Street. If you are responsible for more than one address (rental property or a business address), please complete a separate form for each address. The City strongly believes graffiti is a problem that affects all residents of our community. By working together, we can make a difference in eliminating this blight from our City.
