PUBLISHING LIVE FROM THE SPRINGVILLE RODEO

One of our wireless towers in Springville is on a hilltop just above the rodeo grounds. So, this year we installed an antenna for instant high-speed Internet service to our booth at the event.

A team from OCS then roamed the grounds during the rodeo, taking digital photos and recording the results of each event. News updates and photos were posted directly to the Internet, possibly the first time anything quite like this has been done from such a venue.

The Springville Rodeo Live site is online at www.rodeo49.com, click "2003 Results" for a recap of this year's action. Have an event you'd like to cover Live on the Net? Give us a call!
