

SUBJECT: AUTHORIZATION FOR TRANSIT VEHICLE REPAIR

SOURCE: Public Works Department - Transit

COMMENT: Vehicle #8191, an active transit bus, has experienced significant front and side body damage due to being involved in a multiple vehicle accident that occurred on July 1, 2014. The City's insurance carrier, California Transit Insurance Pool (CAL TIP), has stated that the property damage policy limit for the "at fault" driver is not sufficient to compensate all parties for their damages. Once the total amount of all the repairs are known, the insurance company for the driver at fault will then pay their policy limit based on a pro-rated basis.

Staff is requesting authorization to utilize E.M. Tharp, Inc., which is the only local bus and tractor trailer repair and paint facility, to perform the required repairs at an estimated cost of \$12,456.46, plus twenty percent for contingencies. Funds are available in the Transit Maintenance budget.

RECOMMENDATION: That City Council authorize:

1. The transit bus repair by E.M. Tharp at a cost not to exceed \$14,947.75; and
2. Payment of said equipment upon satisfactory delivery.

<b>Net Total</b>								<b>\$12,456.46</b>

The above is an estimate based on our inspection and does not cover any additional parts or labor which may be required after the work has started. Occasionally, worn or damaged parts are discovered which may not be evident on the first inspection. Because of this, the above prices are not guaranteed. Quotations on parts and labor are current and subject to change.

*This is a preliminary estimate. Additional changes to the estimate may be required for the actual repair.*

*TruckEst does not automatically include items required by many business repair partners. This application allows the author to manually enter line items such as overlap deductions.*
